

Project Points

MARCH 2009

The Department of Watershed Management is working on the design and construction of a number of water and sewer infrastructure improvement projects in neighborhoods throughout Atlanta. Here are this month's updates on our active projects:

ATL READ Automated Meter Reading

More than 100,000 AMR meters have been installed in the City of Atlanta and Fulton County since 2007. By July 2009, the Department will have replaced or retrofitted approximately 150,000 water meters with AMR technology.

Camp Creek Sewer Outfall

NPU: P *Council District: 11*
Crews will begin sewer work in the Fountainbleau neighborhood at the intersection of Sorrento Circle and Black Forest Trail near Continental Colony Elementary School and the creek.

Riverside Sewer Outfall

NPU: D *Council District: 9*
Crews are continuing work along Parrot Avenue to upgrade sewer main; however roadway is open local traffic and emergency vehicles.

Pump Station Improvements

NPU: D & G *Council District: 9*
Crews will continue facility upgrades to the Philip Lee and Paul Avenue pump stations.

Sewer System Evaluation Survey (SSES) – Sewer Group 3
